Societal Contribution Policy

In all the activities it undertakes, and in line with the principle of "people-centredness" and a philosophy of living in harmony with nature, Yıldız Technical University aims to become an innovation-oriented university that makes effective use of natural resources, that promotes social welfare and scientific development, and that does not place the quality of its education and training environments at risk.

Within this framework, the societal contribution policy adopted by the senior management of our University is to attain the adopted goal through an approach that:

- Advances with determination towards the development goals of our country;
- Holds the aim of serving society in a spirit of innovation;
- Educates young people who will shape our future, with strong professional capabilities and a high level of awareness and motivation;
- Is sensitive to the environment and makes this culture widespread;
- Gives priority to sustainable social development;
- Takes ownership of institutional and societal heritage;
- Attaches importance to social responsibility;
- Upholds ethical values;
- Is people-centred;
- Encourages and supports socio-cultural collaborations;
- Possesses the capacity to represent itself on international platforms;
- Holds a culture of lifelong learning and teaching.
